Captian Nemo MOODBOARD

A vibrant, hand-drawn moodboard for 'Captian Nemo' featuring various nautical and ocean-themed elements. The background is a light blue and white wavy pattern. The title 'Captian Nemo' is in a large, green, stylized font, and 'MOODBOARD' is in a smaller, purple, blocky font. The central figures are a captain with a mustache and a striped shirt, and a diver in a brown suit. Surrounding them are various sea creatures: a red submarine, a blue submarine, an orange jellyfish, a purple whale, a yellow fish, a blue dolphin, a red crab, a blue octopus, a pink seashell, and a blue nautilus. The scene is set against a green and blue patterned ocean floor with coral and seaweed.

Pencil case

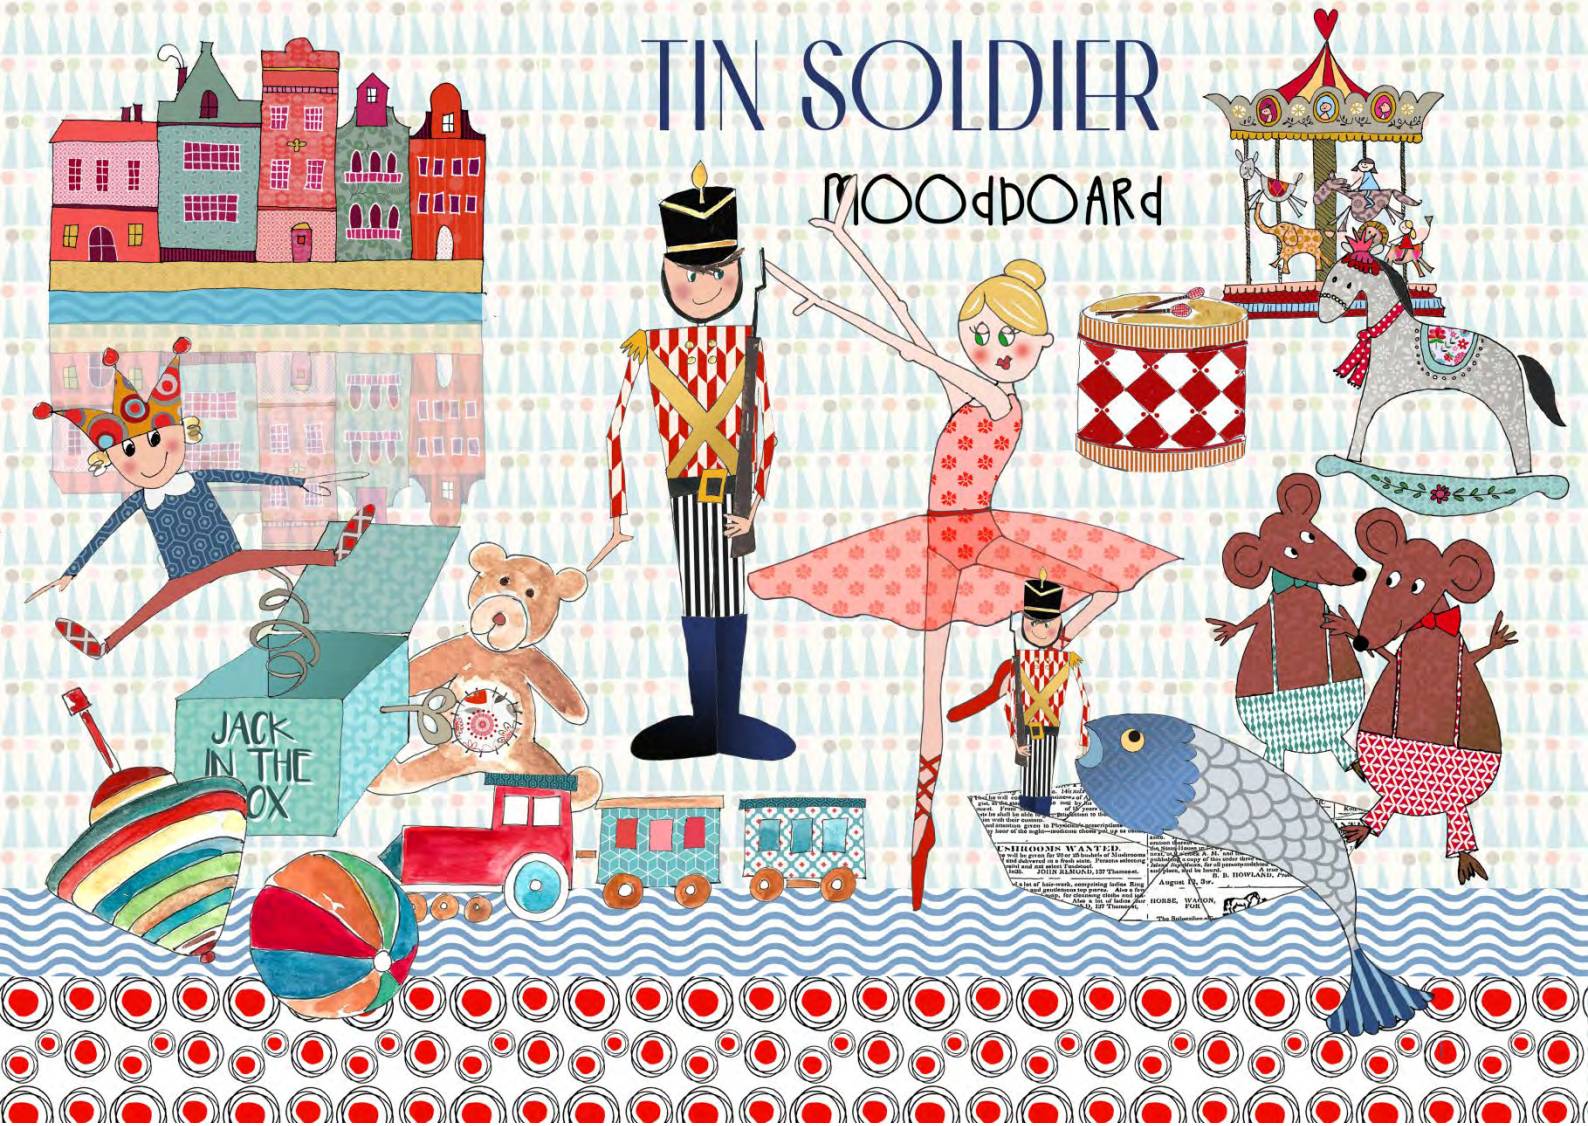

There are many different kinds of whales. Some are small and live in the deep sea and some are very large and live in the open ocean. They all have the same basic shape but their characteristics differ. Some have characteristic white skin and some have grey skin. They can be found in many different oceans, but the thing that all live in common is that they only leave the water in the summer time. They like to eat grass and fish, but in the winter they live on kelp and some live near ice in the north.

about our company...

the "Art&Deco house" is a 29-year-old company of designers, manufacturers and importers of artistic giftware, hip home accessories and cool childrens' stuff.

"Colourbox" is our own brand with products designed by Effie Zafiropoulou, our collections are handfinished in Athens in our own workshop.
